

Accurate. Real-Time. Integrated.

Verify eligibility at any point in the billing process in real time.

EngageCare Eligibility Verification for transactions processing provides real-time and batch 270/271 transactions to verify patient coverage at any point in the billing process, from pre-arrival and check-in to charge entry and payment posting.

Deliver complete eligibility verification responses, customized to meet your needs.

As an integrated clearinghouse service, we connect to more than 2,000 payers, including all commercial and government payers that are capable of an EDI transaction. Our system enables complete eligibility verification response, providing real-time benefit information on patient deductible, co-pay amounts, co-insurance, non-covered services, plan maximums and much more. Plus, you can customize what data is returned, based on your unique needs.
